

TERMS AND CONDITIONS OF PURCHASE BY AZENTA, INC. AND ITS' AFFILIATES AND SUBSIDIARIES (COLLECTIVELY, "AZENTA")

1. **Acceptance of Purchase Order:** This purchase order may be accepted in writing by the party providing an offer to Azenta or selling a product to Azenta (collectively, "Seller") or by Seller's assent or conduct. If for any reason Seller does not accept in writing, any conduct by Seller that recognizes the existence of a contract pertaining to the subject matter hereof shall constitute acceptance by Seller of this purchase order and all of its terms and conditions. Azenta hereby expressly objects to any terms proposed by Seller that add to, vary from, or conflict with the terms herein. Any such proposed terms shall be void and the terms herein, including the terms in any attachment specifically referenced on the front of this purchase order, shall constitute the complete and exclusive statement of the terms and conditions of the contract between the parties, which may hereafter be modified only by written instrument executed by the authorized representatives of both parties. If this purchase order has been issued by Azenta in response to an offer by the Seller and if any of the terms herein are additional to or different from any terms of such offer, then Azenta's issuance of this purchase order shall constitute an acceptance of such offer subject to the express conditions that the Seller assent to such additional and different terms herein and acknowledge that this purchase order constitutes the entire agreement between Azenta and the Seller with respect to the subject matter hereof and the subject matter of such offer and Seller shall be deemed to have assented and acknowledged unless Seller notifies Azenta to the contrary in writing within ten (10) days of receipt of this purchase order.

2. **"Copy Exact" requirements:** Seller shall not make any changes, including, for example and without limitation, obsolescence of components, transfer of any portion of the design, manufacturing, or assembly process to a different facility, or changes to the design (firmware, hardware or software) of the goods that may alter the Specifications or the form, fit, function or interchangeability of goods (collectively, "Changes") without obtaining Azenta's express written consent. To obtain such consent, Seller shall submit a "Seller Initiated Action Request (SIAR)," which Azenta, in its sole discretion, may approve. If Azenta approves the SIAR it will state the date upon which Seller may implement the Change, which shall be at least 270 days from the date Azenta receives the SIAR from Seller. Seller shall require a SIAR and approve it under the same procedure applied by Azenta for Changes by Seller before permitting any of its suppliers to make any Changes to goods incorporated into the goods Seller delivers to Azenta. Failure to comply with the Copy Exact requirements stated herein shall be a material breach of this Agreement and Azenta may terminate or cancel this order.

3. **Delivery:** The terms of delivery are as stated on the face of this order. The obligations of Seller to meet the delivery dates, specifications, and quantities set forth herein are of the essence of this order. Deliveries are to be made both in quantities and at times specified herein and, if not, such quantities and times as are specified pursuant to Azenta's written instructions. Shipments in greater or lesser quantity than ordered may be returned at Seller's expense unless written authorization is issued by Azenta. If Seller's deliveries fail to meet schedule, Azenta, without limiting its other rights and remedies, may either direct expedited routing or charge excess costs incurred thereby to Seller or cancel all or part of this order in accordance with the Cancellation or Termination provision hereof. Goods that are delivered in advance of schedule are delivered at the risk of Seller and may, at Azenta's option, be returned at Seller's expense for proper delivery and/or have payment therefore withheld by Azenta until the date that the goods are actually scheduled for delivery.

4. Packing and shipping Instructions: Seller agrees to insure that shipments are properly packed and described in accordance with Azenta's specifications and/or applicable carrier regulations. Shipments will be made freight prepaid at the lowest freight charges available, using the carrier selected by Azenta. Azenta may assist Seller by providing freight classifications or classifying material. Seller will not insure or declare value on shipments, except on parcel post, unless Azenta specifies otherwise. On shipments where value is not declared, Seller will ship prepaid insured for \$50 to facilitate tracing. Seller shall consolidate air and surface shipments daily on one bill of lading per mode to avoid premium freight costs, unless instructed otherwise by Azenta. In case of any shipment that does not correspond to normal past practice between Azenta and Seller, or to standard practice in the industry (e.g., a shipment that requires special handling, equipment, or air ride suspension, or is over 500 pounds, over 120 inches long or wide, or over 56 cubic feet, etc.). Seller shall notify Azenta's appropriate traffic department 72 hours prior to shipment for special shipping instructions. All truck shipments must be classified by Seller using the current "National Motor Freight Classification Tariff". Each box, crate or carton will show Azenta's full street address (not just post office box numbers) and purchase order number regardless of how shipped. Seller will provide a packing list to accompany each shipment, referencing the appropriate purchase order number. The bill of lading also will reference the purchase order number.

5. Inspection: Payment for goods delivered hereunder shall not constitute acceptance thereof. Azenta shall have the right to inspect such goods and to reject any or all of said goods if, in Azenta's judgment, they are defective. At Azenta's option, inspection may be performed on a statistical sampling basis. If defects are revealed in such sampling, Azenta may elect, in its discretion, either to reject the entire shipment on the basis of such sampling or to inspect the entire shipment. Goods rejected as defective may be returned to the Seller for full credit or replacement, at Azenta's option, and, in addition to Azenta's other rights, Azenta may charge the Seller all expenses of unpacking, examining, repacking, and reshipping such goods. Replacement goods shall be sent freight prepaid at Seller's expense, and Seller shall use expedited delivery if required by Azenta. In the event that Azenta receives goods whose defects or nonconformities are not apparent on initial examination, Azenta may subsequently reject such goods within a reasonable period of time after such defects or nonconformities become apparent. The facilities at which goods subject to this purchase order are manufactured shall be subject to inspection and approval by Azenta from time to time. Seller shall provide all reasonable facilities and assistance for the safety and convenience of the inspectors in the performance of their duties. If any goods subject to this purchase order or any components thereof, are to be manufactured by subcontractor(s), Seller shall require such subcontractors to comply with this provision.

6. Price: The price shown on the face of this order is the total amount Azenta will pay for the goods. Seller shall not add additional amounts for taxes, packing, shipping, or anything else unless specifically agreed to by Azenta. If there is no price stated on the front, the price shall be deemed to be the price last quoted to Azenta or the prevailing market price, whichever is lower. Seller warrants that the price for goods sold to Azenta under this purchase order is not greater than the price for comparable goods sold in comparable quantities to any other purchaser.

7. Change Orders: From time to time, Azenta may change any of the drawings, specifications, or instructions for work covered by this purchase order, or the methods of shipment or packing or the schedule or place for delivery of goods covered by this purchase order, and Seller agrees to comply with such changes. Azenta shall give Seller notice of such changes in writing signed by a duly authorized representative of Azenta. If a change results in a decrease or increase in the Seller's cost or in the time for performance, an appropriate adjustment to the price or the time for performance will be made by the parties in writing. Unless Seller provides Azenta with an itemized statement of

adjustment to the cost and/or time for performance within 30 days after Seller's receipt of Azenta's change notice, Seller shall be conclusively deemed to have waived all claims against Azenta with respect thereto.

8. Cancellation or Termination: Azenta reserves the right to cancel or suspend all or, from time to time, any undelivered or unexecuted portion of this order (a) for cause, if Seller fails to make any delivery or to perform any work as scheduled or breaches any of the other terms of this purchase order and (b) without cause upon written notice to Seller. Upon cancellation or suspension without cause, Azenta shall reimburse Seller for expenses (which shall not include lost profits) related to the affected portion(s) of the order, provided that such amount shall not exceed the less of (i) a pro rata portion of the contract price or (ii) the cost of finished goods to be delivered within 30 days after such cancellation or suspension, 30 days of work in progress, and 30 days of raw materials that Seller demonstrates cannot be diverted to other uses. The foregoing states Azenta's entire liability and Seller's exclusive remedy for any cancellation or suspension of all or any part of this order. Any claim by Seller under this paragraph must be asserted in writing within 30 days after Azenta's notice of cancellation or suspension and the amount of such claim must be stated in detail within 30 days thereafter.

9. Conflict Minerals:

a. Seller recognizes, consistent with the public policy underlying enactment of the Conflict Minerals provision (Section 1502) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Act"), the significant legal and non-legal risks associated with sourcing tin, tantalum, tungsten and gold (the "Conflict Minerals") from the Democratic Republic of the Congo and adjoining countries ("DRC countries"). Accordingly, Seller commits to comply with Section 1502 of the Act and its implementing regulations; to the extent Seller is not a "Registrant" as defined in the Act, Seller shall comply with Section 1502 of the Act and its implementing regulations except for the filing requirements. In particular, Seller commits to have in place a supply chain policy and processes to undertake: (i) a reasonable inquiry into the country of origin of Conflict Minerals incorporated into products it provides Azenta; (ii) due diligence of its supply chain, following a nationally or internationally recognized due diligence framework, as necessary, to determine if Conflict Minerals sourced from the DRC countries directly or indirectly support unlawful conflict there, and (iii) risk assessment and mitigation actions necessary to implement the country of origin inquiry and due diligence procedures. Seller shall take all other measures as are necessary to comply with the Section 1502 of the Act and its implementing regulations, including any amendments thereto.

b. Seller shall, no later than thirty (30) days following request by Azenta, complete and provide to Azenta a single and comprehensive Conflict Minerals Reporting Template to be provided by Azenta. Seller shall perform appropriate due diligence on its supply chain in order to fulfill the reporting obligations of this section 9.

10. Counterfeit Goods: "Counterfeit Goods" shall mean any goods delivered to Azenta (including any separately identifiable parts or components thereof) that do not comply in all respects with the original equipment manufacturer's (OEM) specifications and/or contain false or misleading markings or supporting documentation purporting to be those of the OEM. Seller shall have in place a Counterfeit Goods prevention plan satisfactory to the needs and requirements of Azenta and in no case less stringent than accepted industry practices. Seller shall not provide any Counterfeit Goods to Azenta. Notwithstanding and additional to any remedy available to Azenta elsewhere in this purchase order or at law, in the event Seller provides Counterfeit Goods to Azenta, it shall immediately provide conforming goods at its expense and shall be liable to Azenta for any and all costs, liabilities, damages, expenses, fines, or penalties incurred by Azenta as a result of Seller providing Counterfeit Goods. Azenta may, at its option, destroy any Counterfeit Goods with no liability to Seller.

11. Warranties: Seller warrants that all goods and services provided under this purchase order: (a) shall be of good quality and workmanship and free from patent and latent defects; (b) shall conform to all specifications, drawings, and descriptions furnished, specified, or adopted by Azenta; (c) shall be merchantable and suitable and sufficient for their intended purpose; (d) do not infringe the patent, copyright, or other intellectual property rights of any third party (except to the extent that such infringement arises solely as the result of a design furnished by Azenta, provided that there was no non-infringing way for Seller to implement such design); (e) shall be free of any claim of any third party; and, (f) not contain any Counterfeit Goods. None of the remedies available to Azenta for a breach of any of the foregoing warranties may be limited except to the extent and in the manner agreed to by Azenta in a separate agreement specifically designating such limitation and signed by an authorized representative of Azenta. Azenta's inspection and/or acceptance of and/or payment for any goods or services shall not constitute a waiver by it of any warranties. Azenta's approval of any sample or acceptance of any goods shall not relieve Seller from responsibility to deliver goods and perform services conforming to specifications, drawings and descriptions.

12. Indemnification and Insurance: Seller shall defend and indemnify Azenta against all damages, liability, claims, losses and expenses (including attorneys' fees) arising out of or resulting in any way from any actual or alleged (a) defect in the goods or services purchased hereunder; (b) infringement of any patent, trademark, or copyright of any third party by any goods purchased hereunder; or (c) act or omission of Seller, its agents, employees, or subcontractors. Seller shall maintain such public liability insurance including products liability, completed operations, contractors' liability and protective liability, automobile liability (including non-owned automobile liability), and workers' compensation, employers' liability, and infringement insurance as will adequately protect Azenta against such damage, liabilities, claims, losses, and expenses (including attorney's fees). Seller agrees to submit certificates of insurance, evidencing coverage in accordance with this paragraph, when requested by Azenta. Seller's obligations under this paragraph shall survive the cancellation, termination, or completion of this purchase order.

13. Policy Compliance: Seller must comply with Azenta's corporate social responsibility policy and code of conduct, copies of which is available upon request.

14. Confidential Information: The contents of this purchase order and all commercial and technical information provided to Seller by Azenta shall not be divulged to any third party by Seller or used by Seller other than in connection with this purchase order. Unless otherwise agreed in writing, no commercial or technical information disclosed in any manner or at any time by Seller to Azenta shall be deemed secret or confidential and Seller shall have no rights against Azenta with respect thereto, except as may exist under any applicable patent law. The obligations under this paragraph shall survive the cancellation, termination, or completion of this purchase order.

15. Independent Contractor: When work of any description is performed in furtherance of Seller's obligations under this purchase order on the premises of Azenta or any of Azenta's customers, Seller agrees that such services are to be rendered by Seller as an independent contractor and Seller shall provide all safeguards and take all necessary precautions to prevent the occurrence of any accident, injury, death or loss to any person or property and shall be solely responsible therefore.

16. Force Majeure: Azenta may delay delivery and/or acceptance under this purchase order if such delivery and/or acceptance is made impossible or impractical by causes beyond Azenta's control.

17. Azenta's Property: All special tools, dies, patterns, jigs, fixtures, and other items supplied

or paid for by Azenta remain Azenta's property and Seller agrees to comply promptly with all disposal and shipping instructions furnished by Azenta. Seller agrees, at its expense, to maintain all of Azenta's property in Seller's possession in good condition and repair and adequately insured and to indemnify Azenta for any damage or loss to such property, to any third party.

18. Remedies: Azenta's remedies are cumulative. Remedies specified in this purchase order do not exclude any remedies available at law or in equity. Waiver of any breach on any one occasion shall not constitute a waiver of the same or any other breach on any other occasion. Acceptance of any items or payment therefore shall not waive any breach.

19. Assignment and Subcontracting: Seller may not assign or transfer this purchase order or any payments to be made hereunder without Azenta's prior written approval. Seller may not subcontract any substantial portion of the work to be performed by it under this purchase order, or the manufacture of any critical component of the goods to be delivered under this purchase order, without Azenta's prior written approval.

20. Setoff: All claims for monies due or to become due from Azenta under this purchase order are subject to deduction by Azenta for any setoff or counterclaim that Azenta may have against Seller.

21. Applicable Law: This purchase order shall be interpreted in accordance with the laws of Commonwealth of Massachusetts, excluding its choice of law provisions, and any action involving this matter shall be brought in federal or state courts located in the Commonwealth of Massachusetts. Seller hereby irrevocably consents to such jurisdiction.

22. Information Security: Seller shall provide proof of an information security plan to Azenta, upon request, at any time. Azenta shall have the right at any time, during normal business hours, with advance notice to audit Seller's information security plan. Seller agrees to strongly consider Azenta's suggested revisions to its information security plan as a result of an audit. Failure to produce an information security plan upon request shall be considered a material breach of this contract.
