This Product Change Notice supersedes the following documents:

N/A

Description and Reason for Change:

We are writing to inform you that as part of our aim for continuous improvement, the FluidX XSD-1 range - Semi-Automated Screw Cap Decapper, 1-channel, with interchangeable cap drivers and multiple torque settings – is to be discontinued, effective immediately.

To ensure a balance between responsiveness and efficiency that fulfils the demands of our target customers in terms of the Capper/Decapper portfolio, we have decided to EOL the complete XSD-1 range and respective accessories.

Impact of Change:

This change is effective immediately, but open orders will be fulfilled.

Customers that have purchased any instrument/accessory listed below will still obtain service and parts from the provider for the next three years.

Confidential: The information is confidential and is to be used only in connection with matters authorized by Azenta and no part of it is to be disclosed to others without prior written permission from Azenta.
